Prof. Ignaz Goldzyher,
Holló-utca 4,
Austria-Hungary.
Budapest, VII.

570 Windsor Ave., Hartford,
Conn., U.S.A., March 17th 1906.
Dear Mr. Goldysher,

My copy of the 11th vol. of
the St Louis Proceedings has
just reached me and I
presume that you will get
to you along with this
card. I trust that you find
the form of your paper
satisfactory. I took the
greatest possible care with
it and read the proof
again and again. A few
days ago I sent a copy of
the Nation with my review
of Young's Ottoman code.
Now I have to write quite
a number of articles for the
new Britannica on Muslim
law and institutions.

I hope that you are feeling
a great deal better now,
and making good progress
with your work. Mr. Woodard
sends best greetings to Mr.
Goldysher and yourself and
am always yours, Mr. Woodard
